Volunteers Needed

Painting Day Set for June 9

Another half day of volunteer Painting Days will take place at the Larsmont Schoolhouse on Saturday, June 9, with a start time of 8:30 a.m.

Last year, volunteers devoted two days of time to paint boards for the Schoolhouse that were then applied by Gary Swanson Construction. This year, the two sides of the building that were erected need to have a second coat of paint applied. Additional boards that were painted with their first coat last year will be applied to the other two sides of the building later in the year.

Those willing to donate part of their day for the painting should bring paint pads, ladders, paint trays, brushes and

rags on the morning of June 9. The painting party will apply the second coat of red and also will work on protecting the new porch that was rebuilt on the side of the building earlier this year.

Wear old clothing. Paint will be provided. The Larsmont Community Club will provide beverages. The plan is to finish by lunchtime. A secondary date of June 23 has been selected. Y'all come!

Annual Meeting

The annual meeting of the Larsmont Community Club was held on May 10, 2007, at 7 p.m. Under old business, President Bill Tranah reported on the Painting Days of 2006, discussed outhouse sidings and doors and explained the need for a new garage door.

Secretary Marlys Wisch reported that the Schoolhouse was used for Pioneer School Days by six schools during 2006. The *Lake County Chronicle* plans to write an article about Pioneer School Days in the near future.

In 2006, there were \$670 donated to the Building Maintenance Fund. A list of donors is elsewhere in this newsletter. The Board approved mounting a plaque inside the Schoolhouse honoring annual donations of more than \$100.

It was suggested that residents in Larsmont consider the Building Maintenance Fund in their year-end considerations.

Other monies were received from the County Recreation Board totalled \$5,300, which were applied toward the siding project for the building.

Under new business, the Board discussed use of the building by area classrooms under the Pioneer School Days program. Three schools have scheduled classroom days so far: Congdon School, North Shore Community School and St. John's Elementary.

An additional day or two of painting needs to be scheduled to complete the coating of siding that was begun last year. Slats that were painted were applied to the outside of the building by Gary Swanson Construction. June 9 was set as the first date, beginning at 8:30 a.m. and trying to finish by noon. The LCC will provide beverages. A rain date/secondary paint date was set for June 23.

The Annual Larsmont Community Club Picnic will be held at the Schoolhouse on August 20, beginning at 5:30 p.m. Fare will be pizzas from Pizza Hut, tossed salad and beverages, with desserts to be donated by attendees. (More details in the next newsletter.)

A safety inspection, completed by COMO, showed that the heating system at the Schoolhouse passed.

Projecting needs for 2008, a new garage door will be purchased after a bidding process. A request for funding will be made to the Lake County Recreation

Board. Also, the posts on the front porch will be inspected to determine their condition and need for repair.

Because some damage to the floor occurred during a group's meeting in 2006, it was suggested that a refundable security deposit be required for all future use of the building that would cover damages, cleaning and use of heat in the winter. Certain groups would be exempt. But the main reason for the deposit is to encourage more careful use of the facility.

The current board was re-elected by unanimous vote: Bill Tranah, president; Walt Barthell, vice president; Marlys Wisch, secretary/treasurer; David Falk, building/grounds keeper; Dale Isackson, flag tender.
